# Scavenger Prexy Says May Ask Another Rate Hike

Another garbage rate increase might prove necessary if the Daly City Scavengers are unable to find a garbage dump site nearer the city, Al Sereni, Scavenger president told THE RECORD today.

The city council granted a 30 cent monthly increase to the Scavengers last August 9. A five-year contract was signed at that time.

"Increased operating costs, need for the replacement and modernization of equipment and the leasing and developing of a new site for garbage and refuse disposal," were the reasons given for the August raise.

More specifically, a new ruling prohibiting feeding garbage to hogs and the move to a garbage dump, four miles further than the one then in use, necessitated the raise.

**Site Turned Down**

Last Friday the proposed site was turned down by the North San Mateo County Garbage and Refuse Survey committee. The refusal was given on the grounds that dumping garbage on the site, situated in the hills behind Junipero Serra highway, would contaminate a creek running below the site and used for San Francisco water.

"I understood that the new fill and cover method of burying garbage could be done in the middle of a city without contamination," Sereni told this paper.

**Three Involved**

The county committee advised Sereni and representatives from the South San Francisco and San Bruno garbage companies to use a site near Bethlehem Steel Yards in South San Francisco.

According to Sereni, this would mean an hour or an hour and a half round trip, which would bring the cost of transporting the garbage beyond that covered by the recent raise. Sereni explained that it would double the time spent in carting the garbage to the dump.

"Besides transportation cost, the use of the South San Francisco site would mean that my men would be idle while waiting for the truck to make the trip," Sereni said.

Still another reason given last August for the raise was the Spring Cleaning service by the local Scavengers.

Sereni told THE RECORD that this year Spring Cleaning will take two days instead of the former one day due to the growth of the city. He expects that the service will take place sometime in the latter part of May.

## ENGINEER DEFENDS SPECS ALTERATION

City Engineer Edwin Smith in a report to the council Monday night defended his recent action in changing specifications after contract had been awarded for reroofing Reservoir No. 3.

Charges by H. H. Smith Jr. that specifications were changed after contract had been awarded to John Q. Adams prompted the council last week to ask the engineer for a full report. H. H. Smith is a motel owner and son of a former Daly City mayor.

"Any talk of savings of $4000 in grade differentials is ridiculous," the engineer's report read.

H. H. Smith had claimed that a savings of $4870.95 should have been possible with the lowering of the Redwood grade. A total of $381.17 was the actual savings.

Specifications originally called for select heart redwood, but were down-graded to construction heart redwood, a cheaper grade.

The engineer claimed in his report that the change was made because of "slow material delivery.'

He said that construction heart redwood had been substituted for the sills, blocking, studs and deck only, but that the posts and beams had been made with the high-grade lumber. The change included about 21,000 square feet.

"The only difference between select heart and ours was the ring count," the engineer explained.

He added that the lower grade wood was really a special grade since two stipulations were made: 1. That no sap wood be supplied; 2. All planks to be structurally sound in the opinion of the engineer regardless of the grading.

"The net result is the securing of a structure superior to that specified at a cost far below the average of bids submitted on January 10," the report read.

At that time, ten firms entered proposals for the job.

The local motelman told the council last week that other contractors would have been able to reduce their bid prices had they figured the job with the cheaper grade lumber.

After the report was read, Mayor Joseph J. Verducci asked Smith if it was customary to substitute materials without the okay of the

## MRS. HELLER DUE TO APPEAR ON NUISANCE CHARGE

Mrs. Cassie F. Heller, 67, 1020 Brunswick street, is now out on $50 bail and is scheduled to appear in court next Thursday on charges of maintaining a public nuisance.

The complaint against Mrs. Heller was filed by Mrs. Wayne Alexander, wife of a Daly City fireman, when one of Mrs. Heller's dogs allegedly bit the Alexander child, Susan, on the back. The complaint was filed last Friday.

Police say that they had previously heard reports on the viciousness of the two Heller dogs.

After Susan was bitten, quarantine signs were placed on the Heller home and were allegedly torn down by Mrs. Heller. She refused to have the dogs impounded but said she would take them to a private veterinarian.

The dogs are still with Mrs. Heller and will remain so until the court's decision is given.

## JEFF HIGH WILL INSTALL WATER SYSTEM -- HANNAH

Jefferson High School district superintendent Stanford Hannah said today that the district would proceed with installation of its own water system at the Westmoor site despite protest from the city council that this would be duplication of facilities.

Hannah claimed purchase of water from Daly City to supply Westmoor would cost the district more than $600 a month.

Although he could give no estimate on cost of the school setting up its own system, he said it would be considerably lower than purchasing water from the city.

The superintendent said approximately 100,000 gallons a day would be needed to supply Westmoor.

Hannah predicted that much water could be pumped to Westmoor from a well at Edgeworth street between 89th and 90th.

Cost of installing pipe from the well to the school will be small, Hannah continued, since the district has on hand sufficient five-inch pipe purchased last year at surplus rates.

Mayor Joseph Verducci who last week, along with Councilman Micheal De Bernardi voiced the opinion that the school was "going into the water business," said the city would be happy to give

## New B of A Manager Is Named Here

Louis Pisani, for the past seven years manager of Bank of America's branch in Half Moon Bay, has been appointed to managership of the Daly City branch, it was announced this week by S. Clark Beise, president of the statewide bank. The appointment went into effect Monday.

Pisani will take the post formerly held the past three years by Daniel D. Harris, who is to be assigned shortly to head a Bank of America branch in San Francisco, it was disclosed. Harris came to Daly City five years ago and was appointed manager in 1952.

The new Daly City banker joined the statewide institution in 1928 as a clerk in its San Francisco headquarters. Subsequently he was promoted to bookkeeper and teller while serving in the Castro-Market branch in San Francisco, and in 1944 he was named assistant cashier and chief clerk in that branch.

In 1946 he was transferred to

## MENTAL TEST FOR DEAN F. O'CONNOR

Dean Francis O'Connor, 226 Evergreen street, who has been picked up by local police twelve times in the past year on drunk charges, is awaiting superior court decision on mental competency.

The decision for a competency hearing was made by Judge Thomas L. Bocci in Municipal court recently, when O'Connor was brought in on a charge of being drunk.

Two men scheduled to appear before Judge Bocci forfeited bail of $25. The first, Peter Rasmussen, carpenter, of 416 Irvington street here, was picked up by police recently when he was allegedly found lying in a drunken condition in front of 6147 Misison street.

The second, Andrew Smith, 1120 Maple street, San Mateo, was charged with being drunk on February 3.

## Three DC Youths Confess Car Theft

Three Daly City youths admitted Tuesday to car theft implications here and in San Francisco. Two of the boys are juveniles, 16 and 13, and the other is Ralph Lane McKenzie, 6444 Mission street.

The cars were all stolen from used car lots on Mission street. The boys changed license numbers on several of the cars, but used each car for a comparatively short time before abandoning them. All the cars have been recovered by police.

McKenzie pleaded guilty yesterday (Thursday). His case was certified to the superior court for sentencing.

# Polio Vaccine To Go To 1st, 2nd Graders On May 2

Plans for administering the Salk polio vaccine to first and second grade children in the Jefferson elementary school district and parochial schools in the area were released today. The administration of the vaccine hinges upon announcement of the vaccine's effectiveness next Tuesday.

Free vaccinations will be given to children in the two grades at three designated spots: Garden Village school, May 2, 4 and 6; Colma school, May 9, 11 and 13; and Woodrow Wilson school, June 6, 8 and 10.

First and second grade children in Parochial schools will be vaccinated at one of the three above places, depending upon which is the most convenient.

Acceptance slips, asking the approval of parents, will be sent home with the children. No child will be given the vaccine without his parents' okay.

The vaccine will be administered free of charge to children in the two grades throughout the United States. Money raised in the recent March of Dimes drive will pay for vaccinating the first and second grade children, who fall into a highly susceptible group.

Three shots will be necessary for the vaccination. The county Medical society and Public Health and Welfare department will work in conjunction with local school officials in administering the vaccine.

Parents whose children do not fall in the first or second grade level and who wish their children to receive polio vaccinations may have their children vaccinated by family physicians at a cost yet to be disclosed.

The Health and Welfare department requests that these parents address a post card to their private physicians indicating that they wish their children to receive the Salk vaccine. The department asks that this be done in writing and not by phone in order to facili-

## DC Police Capture Four Boys, Charge With $4000 Burglary

A Daly City boy, implicating three other juveniles, admitted this morning to burglarizing $4046 worth of various articles, mostly liquor, from a vacant Callan Heights home owned by an IBM operator.

A total of $4064 worth of various articles, including two cases of wine, 100 bottles of assorted liquors and over 200 pictures of the Mark Hopkins, was spirited away from the unoccupied home last weekend.

**Planned Move**

The stolen goods belong to Miss Eula Taylor, who had stored the articles in the house at 698 Orange avenue prior to her moving from San Francisco.

Local police received their first lead on the burglary when they were tipped off that the boys were attempting to sell some of the liquor.

Earlier they had found some of the empty bottles near the Southern Pacific railway tracks and in an empty lot near the house.

**B'moor Cops Help**

Inspector Dave Johnston and Officer Bruno Conci apprehended the youths this morning with the help of Broadmoor police. One of the juveniles is from the unincorporated area of Broadmoor.

## Ask $120,000 Recreation Budget For Coming Year

A $120,000 recreation and parks budget for the fiscal year 1955-56 was tentatively approved by the recreation commission Tuesday night.

Of this total, approximately $80,000 is sought for general operation, $23,700 for completion of the community center and $15,548 for developing the Westlake clubhouse and surrounding area.

This year's proposed budget is more than $4000 over last year's $115,755 recreation allocation.

James Mason, recreation director, said figures weren't yet definite on cost of devolpment at Westlake. He said interior furnishings for the clubhouse will run about $5548, while lawn and parking areas and service road would cost about $10,000. He said the latter figure may be revised, following consultation with gardener August Conci.

In other action Monday the commission approved request of Kevin Epidendio, representing Holy Angels church, to conduct professional wrestling at the community center April 25.

This action is expected to be reviewed by the council, who recently questioned the commission on their policy of granting use of the center for "promotional" purposes. Mayor Joseph Verducci said, "We want to see what their thinking is on this. If they can sell us on it then we'll go along with them."

Commissioners set May 22 as date for the spring festival.

## Smoke Visible 20 Miles As Hog Buildings Razed

Hog barns more than a quarter-century old were burned to the ground Wednesday on the 60-acre Westmoor school site off Skyline boulevard.

Black smoke from the eight-hour demolishing project was visible for nearly 20 miles in all directions. Some of the smaller structures were scheduled to be burned yesterday morning.

Stanford Hannah, Jefferson High School district superintendent, said last Friday's rat-poisoning operation must have been successful, since none of the rodents were observed emerging from the burning buildings. Poisoning was done previous to the burning to prevent the rats scattering over the surrounding residential areas.

Hananh said excavation at site of the $2,500,000 school would start as soon as grade plans are completed by Architect Mario Ciampi and bids received.

# DC Council Rejects Muni Bus Subsidy

**By a count of four to one Monday night, the city council voted transportation subsidy out and free enterprise in. The decision to discontinue Municipal railway service was reached over the one dissenting vote of Mayor Joseph J. Verducci.**

**Two questions in the transportation problem remain to be answered:**

**1. Which will be substituted, jitney or private bus line service?**

**2. How long will Henry Doelger, Builder, continue subsidy of the No. 76 line? Both questions await further study.**

The council postponed decision on whether to engage either bus or jitney service until definite information on routes, fees and other pertinent information is received.

City Administrator Dan Andersen was instructed to write letters to the two bus services and the jitney service informing them of the council's decision and asking for the desired facts.

In reaching the decision the council overrode objections by Andersen that there would be no guarantee that private carriers will stay if they start losing money.

Andersen recently lobbied in Sacramento for passage of a bill allowing sixth class cities to subsidize losses by public transportation firms. The bill is still pending legislation.

Before voting on the issue, Councilman Sanford Vickers presented figures on the estimated cost of subsidizing the Municipal railway. He quoted total subsidy for the No. 76 and No. 56 bus lines as $20,026.73.

"It would probably be closer to $28,000," Andersen interjected.

**"Question Mark"**

Councilman Micheal De Bernardi explained that the only figure that could be properly used was a "question mark."

Vickers concluded his statements by saying that he might approve subsidy if there weren't so many other things that the city needs.

"Residents who live 15 blocks away and receive no benefit from the bus service would object to the assessment," he said. The councilman explained that transportation would differ from other forms of

**Retiring City Administrator Dan Andersen's swan song this week was a controversial one, as he labeled the council's action in rejecting bus subsidy Monday as "political suicide."**

**"I think it'll bounce right back against them," Andersen surmised.**

**Andersen maintained a private carrier couldn't make a go of it if the municipal railway lost money. "The city will wind up with no transportation at all," he concluded.**

The above request is made in view of the fact that commercial supply of the vaccine is limited, according to the Health and Welfare department.

Post cards should be mailed soon after the anouncement is made in order that children may be vaccinated prior to the "polio season," which falls in late summer and early fall in San Mateo county.

San Mateo county school children in the first and second grades will receive the benefit of the money they helped raise in the March of Dimes drive if vaccinations are administered. County children raised nearly $6,000 in the drive.

The schools collection was merely part of the all-time record made by the county this year. It was announced Monday night at a National Foundation for Infantile Paralysis dinner that the grand total is $109,029.14.

T. J. Hallinan, county campaign director, anounced that the total "may yet top $110,000 when all returns are in."

Breakdown figures on the amount raised in different cities and towns in the county will not be available this year due to the coordination of drive activity at a county level.

Two other similar incidents involving different women occurred on March 24 and December 8. Lowes confessed to these.

Police traced the license number, and upon first not receiving an answer to a phone call at the Lowes household, finally reached Mrs. Lowes. According to police, she knew nothing of her husband's actions.

Lowes appeared voluntarily at the police department Tuesday night and upon interrogation confessed.

Lowes appeared in municipal court yesterday morning and entered a plea of guilty. He will receive sentence on April 28 at which time a Probation Department report will be read to the court.

the rumors.

Callan, also an ex-officio member of Joint Highway District No. 10, the agency in charge of the Junipero Serra highway, this week didn't approve of San Bruno's action in covering up a LEFT TURN sign at the highway junction near San Bruno.

The highway dead ends at the narrow Crystal Springs road, and because San Bruno objected to the discontinuance of the highway before reaching that city, the NO LEFT TURN sign was erected.

Motorists are forced up to the Skyline.

Wednesday night Callan drove up to the intersection in his big Cadillac, spurted from his car and ripped off the cardboard covering the arrow pointing to San Bruno.

But Callan was not alone.

Hidden at the intersection was San Bruno Officer Leo Flynn.

"Hey!" shouted Officer Flynn.

Callan calmly explained that he was from the state, jumped back in his car and roared away.

Flynn roared away after him. He found Callan a half-mile north on Junipero Serra, this time ripping a NO LEFT sign out by the roots.

Callan politely told the officer that San Bruno has no jurisdiction to post signs on the district's highway.

In turn, Flynn politely informed Callan that the sign he was holding had been erected three months ago by the district, itself.

Firmly but still politely, Flynn arrested Callan and charged him with breaking Vehicle Code Section 474: to protect traffic signs.

The supervisor was booked at the San Bruno jail and released on $50 cash bail.

# WHAT DO SPECIFICATIONS MEAN?

**How much "province" does an engineer have in ordering job changes after contract has been awarded on city business?**

**Witness the case of re-roofing Reservoir No. 3.**

**A total of 10 bidders, in good faith, submitted proposals on the project, basing their estimates on cost of providing materials set forth in the specifications.**

**The city drafts plans and specifications because that's the way they want the job.**

**Accordingly, builders try to meet specifications as closely as possible to insure an equal chance of winning the contract.**

**In the case of the reservoir roof, contractors based their bids on specifications calling for 21,000 feet of a high grade redwood—select heart.**

**The winning bidder was a Redwood City firm, which met all specifications and submitted the lowest figure. We can take no issue with the council's decision on this.**

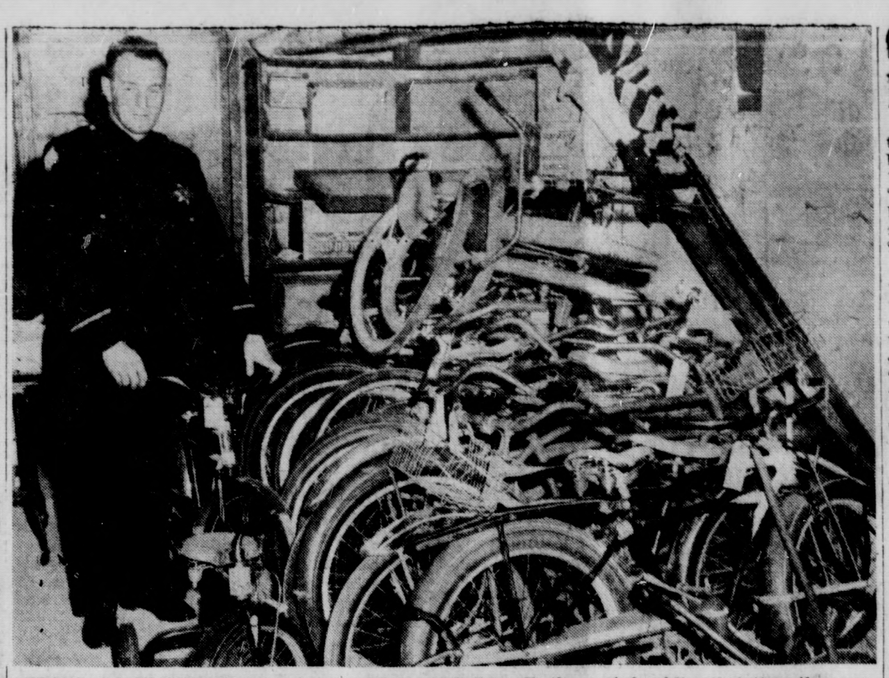
**But after awarding of contract, specifications were down-graded by the engineer to a cheaper grade redwood to "avoid a delay in material delivery."**

**If a contractor stipulates certain materials in his bid, and is awarded contract on the basis of those materials, he should be forced to live up to his commitment.**

**The "delivery delay" is a shabby excuse. Under this escape clause, it appears the firm has speculated on its chances of winning a contract . . . gambling on finegling a last minute shipment of materials if successful.**

**If an engineer has such "province" to change specifications, it is only fair that other bidders are informed of these discretionary powers.**

**Do specifications mean just that, or are they like statutes, to be interpreted by the engineer.**



ABOUT TO TAKE OFF on a lost bicycle turned into the police department is Lieutenant Roy Beecher. Local police store lost articles, including all the bicycles, tricycles and wagons shown here, in the basement of the city hall for a six-month period. After that time they are sold at auction.

THE RECORD photo

# Lost-One Red Wagon; Wanted-Owner Of Same

The Daly City police department is not only the guardian of people, but the guardian of about 20 bicycles, four tricycles, one scooter and one red wagon as well.

Lost articles, turned over to the police department are kept in possession for a six-month period. At the end of this time they are sold at auction.

Last October 20 the local department held their first auction. It was announced in this paper and was well attended by kids of all sizes and descriptions.

The announcement of sale included 20 boys' bicycles, three girls' bicycles, 14 tricycles, one scooter, two automobile tires, one automobile tire and wheel, two bike seats, 20 hub caps, one bow (minus the arrow), one guitar, one football and one rope and tackle.

The auction was held in the morning, and about $100 was turned over to the city treasury. Named a success, the auction is being planned by local police again this coming October.

"Although happy with the results of the auction, we would much rather return the articles to their rightful owners," Lieutenant Roy Beecher told this reporter.

He explained that most of the articles turned into the department are brought in by finders or by policemen. Usually the bikes have been seen lying in one spot for some time.

"A lot of residents don't realize that they should phone the department to inquire about lost articles," he said. "I hope this publicity will do some good and help some child recover his lost bike," he added.

The lieutenant explained that licenses are not yet required in Daly City but that Traffic Inspector Henry Sundermann is now working on the establishment of a license program.

Sundermann is now in the process of gathering information from other cities which have a bicycle license ordinance. After reviewing programs in other cities, he will decide on the best one for this particular area.

# PUBLIC SCHOOLS OBSERVANCE HERE SET APRIL 25-30

The 36th annual Public Schools week will be observed here and throughout California from April 25-30, according to announcement made today by Lyal Ingersoll, chairman of the Jefferson High school board of trustees who is handling arrangements for the local event.

He is arranging a conference with the local school authorities to assure the later of full-hearted support in arousing public interest in the event.

Public Schools week, initiated in California in 1920, has now spread to a number of other states, and to Hawaii. Governor Knight last year issued a proclamation designating this week as a time for "getting acquainted with what the schools are doing" and has promised the state-wide general committee that he will do so again this year.

Roy E. Simpson, state director of public instruction, and the California Teachers association with its 73,000 members are both lending their full support to the program.

The local committee hopes that it can break last year's record of attendance at the various elementary and high school programs.

**USE BOTH LANES**

The purpose of good traffic control is to keep traffic moving. When you approach a traffic light and there's one line of cars waiting, double up by pulling into the other lane if you can do so, suggests the California State Automobile Association. That way you help utilize the whole width of the roadway and keep traffic moving.

San Francisco paid $41,000,000 for the Crystal Springs Water Company's properties in San Francisco, San Mateo, Santa Clara and Alameda counties, in 1930.

# CUB PACK 243 HOLDS DINNER

Last Saturday night, the Auditorium of Our Lady of Perpetual Help church was the scene of Cub Scout Pack 243's annual "Blue and Gold" Pot-luck dinner. Each den supplied a different part of the menu for over 150 Cub Scouts and their guests.

Among the special guests were Mayor Joe Verducci, Father Allen, Bud Lycett (President of the Men's Club of O.L.P.H., sponsors of the Pack) and Ray Greggs, a representative of the San Francisco Boy Scout council. The Mayor gave a talk on how Scouting for boys makes them good future citizens. The other special guests also gave short talks on scouting.

After the dinner Den 6 and Den 5 each put on a little skit about this month's special project "The Knights of the Round Table." The other dens gave their den yells. A good time was had by all. The Cubmaster, Stan White wishes to thank all those who participated in making this dinner such a success.

This month all the Cubs are busy selling their tickets for the Scout-O-Rama, and preparing for their part in it. The Scout-O-Rama is one of the means by which the scouting program can raise money to carry on their worthwhile activities.

In the last three months our pack has acquired three new den mothers. Mrs. Stella Pusatero, Den 3; Mrs. S. Daniele, Den 4; and Mrs. Grace White, Den 6.

# TV and Radio

By Mona Baker

PERSONALITY SKETCH . . . For our interview this week we selected another local resident . . . George Ruge, host for "Your Pal George Show" heard Monday through Saturday, 6-9:30 a.m.) on Radio Station KYA.

For a person whose ambition is to do "an early morning show in the late afternoon" we found Ruge a most energetic individual. With a friendly genuine air that is so familiar to his radio listeners, Ruge talked about his program, family and interests.

One of the first residents of Stoneyford drive in Broadmoor, he recently moved to the Olympic section in Westlake, where he now lives with his wife, Gerie and young son, George.

Ruge graduated from Balboa High school, and San Francisco State where he majored in journalism. His background includes a couple of years service in the U. S. Coast Guard and publicity director with the American Red Cross. A versatile performer, his radio shows have varied from "Make-Believe Ballroom" to a show for teenagers, and an early morning hill-billy program "Pan Handle George."

In addition to his radio work, George heads a speech school located on Powell street in San Francisco. The success of this enterprize George feels is entirely due to his wife, who, in his words, is the "guiding business genius and inspiration."

Little ladies in pastel colored old-fashioned dresses and young men natily attired in bow ties and white shirts seated on bales of hay was the picture that met our eyes as we walked into the studios of KOVR in Stockton to attend a live telecast featuring Bob Kennedy and his Bandwagon Gang. The children known as the Polk-Y-Tots were a talented group of entertainers. "Hoffman Hayride" returned to KOVR last Saturday evening (7-8 p.m.).

KIDDIES' CORNER . . . Mommie, mommie, what will I do now? Do you have a pre-schooler toddling around, delaying your morning chores? For a break for mother, and a stimulating, appealing program for the child . . . watch KPIX's Adventure School (Saturdays 9-9:30 a.m.) The program is conducted by Marion Koehler Rowe, an experienced nursery school teacher.

Is your child convinced that he doesn't like history? We suggest that you have him tune in on KQED'S popular children's program "Buckskin Bob" every Thursday from 5:30-6 p.m.

NEWS OF EDUCATIONAL TELEVISION . . . Educational television programs developed for national distribution by the Educational TV and Radio Center are new available for classroom and other audio-visual purposes through an arrangement recently completed with Indiana university. The project will be self-liquidating, with income from sales and rentals paying for the cost of the service.

Are you one of the residents in this area who is having difficulty receiving KQED, Channel 9? The engineering department of KQED has prepared a report on how to improve your reception. This material is available free upon request. Write to KQED, Box 90, San Francisco, California and enclose a stamped self-addressed envelope.

If you are one of those listeners who wish that they could understand classical music, we suggest you tune to KSFO on Sunday evening from 9:15 p.m. to 10:15 p.m. Presented by Meyer B. Cahn, director of instrumental music at City College of San Francisco, "Making Music," is a radio course in music appreciation.

EASTER PROGRAMS . . . "The Day Before Easter," a film produced by the National Council of Churches of Christ in the USA will be shown on KRON on Friday, April 8 from 3:15 to 4 p.m. and again on Sunday, April 10 from 9 to 9:45 a.m. With Morris Ankrum heading a fine Hollywood cast, this is the simple and powerful story of a bitter Korean War victim, a grief stricken mother, a rebellious daughter and a puzzled minister, all trying to learn the answer at the heart of Easter. The film closes with a rendition of Handel's Hallelujah chorus performed by the Cathedral Choir of the Hollywood Presbyterian church.

In addition "Mass From St. Monica's Cathedral in Cincinnati" will be telecast April 10 from 8 a.m. to 9 a.m. on KRON.

The Portland Cement Company at Colton, in San Bernardino county, was opened in 1894 and has been in continuous operation since.

Dear Editor:

We have completed our most successful Youth Art Exhibit.

The Daly City Colma Lions' Club are extremely grateful for all of the help you gave towards this event. We certainly couldn't have achieved this success without those wonderful write-ups, photos, etc.

I am happy with the results, which we could never have reached without your help.

Many many thanks.

Very truly yours,
Elio A. Fontana

## Local Garden Club Hears Westlake Man Speak On Ferns

The monthly meeting of the Daly City Garden club was held April 5 at 101 Parkview avenue at 8 p.m. Guest speaker for the evening was T. Kramer, according to Mrs. Marie Grovemeyer, program chairman.

Kramer, who has distinguished himself in the Begonia Society and is well known all over the Bay Area, spoke on ferns. The hobby of growing ferns was adopted by Kramer, a Daly City resident, some time ago. All interested persons are invited to attend. Hostess for the evening will be Mrs. T. Cano.

On the calendar of events for April will be the forthcoming luncheon to be given for members and guests at the home of Mrs. Lyle Ingersoll.

Coming participation in the May Day Festival will be limited to the usual stage decor, it was decided last month. Joyce Frasu will design and direct the activity.

Mrs. Charles Hansen, president, who with Mrs. Clair Yohn attended the district meeting recently, has announced a new zoning set-up for San Mateo county.

Daly City Garden club is one of 20 clubs in San Mateo county, affiliate of California Garden Clubs, Inc.

**Here's why Chevrolet out-V8's everybody!**

These features and advantages are the measure of a truly modern V8 engine . . . and only Chevrolet has them in the low-price field. Most aren't even found in high-priced cars. That's why Chevrolet is stealing everybody's thunder with the most modern V8 on the road!

CHEVROLET

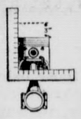
**Modern 12-volt electrical system!**
The only car in the low-price field with the extra energy of 12 volts . . . twice the electrical punch!

Faster, stronger cranking for cold-weather starts and a "fatter" spark for faultless high-speed operation.

**Highest standard compression ratio in its field!**
Chevrolet's compression ratio is 8 to 1, to wring every possible ounce of power and extra miles out of every gallon of gas.

**Requires only four quarts of oil!**
Chevrolet's V8 engines are so efficient they need only four quarts of oil . . . so you save on every change!

**Highest horsepower per pound!**
These great V8's weigh far less than any similar engine in America, top the low-cost field in power per pound!



**Shortest piston stroke in the industry!**
Three-inch stroke reduces cylinder-wall friction, generates less heat, permits more compact design.

The pistons do far less traveling per mile . . . that means less engine wear, lighter loads on bearings.

## CROCKERITES REPORT

The following is news from Crocker school this past week:

**THIRD AND FOURTH GRADE**
**MISS LEKAS, TEACHER**
**Written by Students**

We are so happy to be in our new school. It is so beautiful that we can hardly believe that we are going to school.

Instead of wooden walls we have great big glass windows. The sun is always shining through these windows. Our room is so bright and cheerful.

We have the prettiest trimmings in our room. On the top of two glass walls we have bright red draw curtains. There are great big white lights that look as if they are balloons. For hanging our clothes we have the cutest poles. There is even a shelf for each one of us to use for whatever we want.

It is not necessary for us to leave our room for a drink of water. Everything we need is in our room. Besides a drinking faucet, there are two wash basins with shining faucets. Because our room is so pleasant to be in we have not trouble getting up early in the morning for school. In fact, now we can hardly wait to go to school.

Our class moved into Crocker's new Multi-purpose room March 21st, from General Pershing school. We have two new students, Natto Ansaldo and Joann Price with us now.

In our new modern room we have a nice view of Daly City and San Francisco Bay. Air is constantly being circulated in our room by four large ceiling ventilators, and we have 26 ceiling lights in our room. Off our classroom we have a very nice Patio.

We have been studying about California's waterways and reservoirs. Daly City's water is supplied by two reservoirs on Crocker Hill. We have learned that water is good for our health. We are looking forward to Easter vacation. We wish you a very happy Easter.

## Village Notes

### By Gwin Mitchell

A Buick official with the Motorama, Mr. James Willott, came up for the event from San Diego, and spent some time with the Rev. and Mrs. John A. Glasse, long-time family friends. . . . The Glasses had another interesting visitor also—Mr. Aage Nelson, Danish business representative of the American-Scandinavian folk school study movement, which sponsors trips to Denmark for Americans who are interested in learning about the customs and people there first-hand. Most of the visitors are graduate students and public school teachers, glad of this opportunity to widen the scope of their work.

Cec Pinney is home on Louvaine again after one of his customary visits to Hawaii, which is quite a long-distance sort of commute! Wouldn't be surprised if a lot of people wouldn't like a chance at it, though, even with all those busy volcanoes providing extra fireworks.

Boy Scout Troop 84 didn't travel quite so far afield, but they did have a very successful camping trip at Camp Pomponio in the Santa Cruz mountains. Fifteen boys, with Elman Rose, Ed Langley and Bob Dier along to keep an eye on things, found the out-of-doors weekend a good time to work towards some merit badges, as well as to have fun and learn all the tricks to the trade of camping.

John Mattison, Pip to his friends, isn't quite old enough to be a Scout, but he is on his way, having celebrated his 3rd birthday recently! Mothers were invited to accompany small guests to a luncheon party at Pip's Sweetwood home, and Kathy and Wanda Melani, Mark and Pat Tannehill, Bruce and Vera Watts, Drew and Betty Muscoli, Toby and Janet Edler and Jan Rizzo and Gracia Krueger had a gay and lively time! New swings and pedal car in the back yard kept the children happy in the back yard, while the mothers had time for a chat with Addie Mattison over birthday cake and coffee.

Leah Harrison had a Tupperware party which included husbands, too! While demonstrator Ruth Adell talked Tupper with Zoey Lyden, Bunny Gillespie, Ruth Borcherding, Madeline Caruso, Marge Sottile and Esther Byers, husbands Tom Lyden, Ken Gillespie, Al Borcherding, Dom Caruso and Mike Scottile gathered elsewhere for a round of friendly conversation.

Al and Dorothy Bolander, with Shirley and Larry, took time away from Washington Street and spent a weekend at Point Reyes—one of those short family jaunts which add a little spice to a usual routine, and fit so well into odd corners of the year. . .

Speaking of vacations, that stork never seems to take one! Maybe he planned a day off, though, for he doubled up on the Tom McNally family up on Larchmont and brought twins! Terence James, 5 lbs., 13 oz.) and Theresa Odell (5 lbs., 9 oz.) have joined four brothers and two sisters in a grand total of eight happy, well-loved children. Broadmoor houses must have rubber walls—so many large families seem to be able to fit themselves in! A prayer of thanks for the manufacturers of double-decker bunks is in order, no doubt!

Irene and Bud Hess, Ken and Eleanor Meitz and Jean and Ken Brugge are having such a good time with their square dancing lessons down in South San Francisco on Wednesday nights that they bought records and hold practice sessions at home, too! If you happen to be going by the Brugges' 87th street home and hear music, it could be one of the practicing times—and it could be Jean rehearsing folk dances with the 5th, 6th, 7th and 8th grade Girl Scouts for the Festival. The dances are from different countries, and the 8th graders have a special one, which will count towards their folk dancing merit badge.

The Sunday on which the ground-breaking ceremony for the Hope Lutheran church was held started off in a rather hectic fashion when a slight and sudden flood in the community center necessitated a hasty emergency move of Sunday school and church services elsewhere! But the ceremony itself went off beautifully, with the heather growing on the church property adding extra color to the occasion.

Nimitz drive's Roslyn Navarro is a two-career girl these days, combining household responsibilities with a fulltime job in the credit department of Sears Geary street store. Busy day, busy day.

After giving a dinner party for family friend Bill Klinger and his fiancee, Sue Ames, with the Walter Subkes also present, Ray and Verna Duste took off for three days in Carmel, sans children. The time was a kaleidoscope of music, quiet, Carmel scenery, good books, congenial company and a chance to see and enjoy some original Vermeer and Rembrandt paintings—an ideal recipe for any time spent away from home. But it was nice to come back to Washington street, too!

Spent a nostalgic moment or two reminiscing about Maryland and the East with Mrs. Reginald Bell the other day, with college campuses and scenery foremost in consideration. . . . Dr. and Mrs. Bell have had guests from Grosse Pointe, Michigan—Mr. and Mrs. Paul Williams, who have a daughter on the staff of Mary's Help hospital in San Francisco. The Williams could not get over the gardens so in bloom here at this time of year, a situation which comes under the topic of Our Weather! Friends from San Francisco State college, where Dr. Bell is Dean of Instruction, gathered at his Garden Lane home recently to honor the visitors with party.

Sorry to report we still have a sick list, but glad to say it is getting smaller and nearly everyone on it is feeling better. Bob Buchanan over on Manila is still sparring with the virus (which seems to have spent a little time with nearly every family in our town), young Tommy Gonzales has had the mumps, Beth Lichtenberg has been hostess to chickenpox, Karen Anderson picked measles as her problem, and Bryce Stockslager, Jimmy Somers, Eddie Box and Pamela and Jeffie Meitz just plain haven't felt well at all. Gilman drive's Donna Ottosen is home from the hospital after minor surgery and is fortunate to have her mother, Mrs. Hazel Ulrey, here with her from Los Angeles.

Dorothy Swoverland took time out from her Cub Scout activities to have a Stanley party, with Florence Adasiewicz present to show the various products. Guests attending were Mrs. Welton Lee, Dorothy's mother, Carol Alba, Gracia Krueger, Evelyn Long, Fran Dethleffsen and Jean Hink.

A couple of our young men have had their pictures in a SF paper ...Bill Lamson of Midway and John Coulter both received honorable mention certificates at Newspaper Carrier Service awards presentations, made on the basis of outstanding carrier service. It couldn't happen to nicer fellows, and the people on their routes will second this opinion, we're sure.

Coincident of this week's column: Mrs Lawrence Lucier and Mrs. David Rushka are near neighbors on Larchmont, but they really had a chance to get acquainted when both checked into St. Joseph's Hospital not so long ago for a stork date. They had their babies on the same day and wound up sharing the same room! Mrs. Lucier asked for 7 lb. 3 oz. Thomas Arthur when she visited the nursery, and Mrs. Rushka only had eyes for 7 lb. 5 oz. Mary Theresa, a First Baby! Young Lawrence Allen Lucier welcomed his mother and new brother home.

Kay Logan's aunt, Mrs. John Peel, stopped in recently for a day's visit with the Logans before returning to her home in Santa Monica. Ray and Kay did some traveling themselves over the weekend, going first to Sacramento and then to Stockton, where Ray participated in the Marko 1-game contest at TV Station KOVR, the prize being a Plymouth station wagon. Sorry to say Ray didn't win it, but at least he had a chance to be on television as 90th street's representative.

Speaking of new cars, that splendid Mercury visiting on Stewart street last week belonged to Mary and Jim Eliopolis, one-time Broadmoor residents, who came to show it off to the Ray Barnetts, Mary's sister and brother-in-law.

Little Bert Henderson is playing at his Gilman street home just as happily as ever, in spite of a black eye and other bumps and bruises. It seems that he somehow unlocked and opened the rear door of his mother's car while on the way up to the market, and fell out. His family is very grateful indeed that his injuries were as slight as they were, as it could have been a very serious accident.

The County Recorder's office was inflicted in March with the highest amount of paper work ever handled during a month's period. A total of 9478 papers were handled compared to last year's total of 7222.

Increased paper work means increased revenue. This year's March total of $23,371.45 rose from 1954's total of $16,585.95.

While the material things of life rose, love evidently dropped. There were only 86 marriages, compared to March of 1954's total of 118.

# Rector Breaks Own Record; Finishes Third in Sensational Sequoia Mile

Jim Rector of Jefferson High school was only six yards away from the tape at the finish of the Sequoia Invitational mile Friday, but his efforts were only good enough for third place as the race turned out to be California's best this year.

Ray Hale of Modesto's Downey high moved from third place at the final turn to win the event in 4:30, besting the old meet record of 4:31.4 set by Ron Gross of San Jose's Lincoln in 1954.

Runner-up in the race was Ron Larrieu of Palo Alto, Rector's arch cinder rival for the past two years. Larrieu was only three inches behind Hale.

Rector was clocked in 4:30.9, topping his previous best of 4:33.8 made last week against San Mateo.

Larrieu's time was identical to Hale's. Clockings of Hale, Larrieu and Rector in Friday's race rank as the best three times posted in California prepdom this year.

Rector, who led most of the four laps, commented after the race that he didn't have quite enough kick at the finish. "But I can do better," he said hopefully.

The Jefferson distance ace proved that his Friday race was no fluke Wednesday as he chopped off a 4:31 four-lapper to run second to a Palo Alto man in the PAL-All-Stars vs. Stanford frosh meet. Winning time was 4:25.

Only other Jefferson varsity representatives to place were Lowell Klaisner, who finished fourth in the 100-yard dash and George Segar, fifth in the discus with a 123-foot toss.

Steve Mack, running the Class B 330-yard dash in competition for the first time, turned in a 38.5 for third.

Sonny Martinez ran a 8.2 75-yard dash to finish fourth and unofficially break the school record for the C event.

Jeff's Class C relay finished second to George Washington of San Francisco. Members of the Indian relay team were Martinez, Jerry Rosenberg, Buddy Pollard and Dan Miceli.

The Indians three teams travel to Burlingame Tuesday for a PAL dual meet. The Burlingame varsity is tabbed as tops in the league this year but Coach Ernie Ribera's crew is spoiling for an upset.

## Second Platoon Cop Department Wins Pistol Shoot

Members of Daly City police department second platoon captured the Westlake Perpetual trophy Wednesday in the annual intra-squad pistol tournament.

Winning team was made up of Officers Robert Crooker, Jim Welsh, Gerald Schaeffer, Charles Terry, John Van Otten and Sgt. August Benassini.

Officer Welsh, shooting a 265, took high individual honors to win the Daly City-Colma Lions trophy.

Second place team honors and Duffy's Corner trophy went to the motorcycle and inspectors team of Jim Sunderland, Sgt. Ricco Benedetti, Bruno Conci, John Walsh, Henry Sundermann, Ed Beecher and Dave Johnstone.

In addition to the Westlake trophy, each member of the winning team received small individual trophies donated by King's Market.

### B'MOOR BIKE RACE SET FO RAPRIL 17

The annual Broadmoor Bike race will be held April 17 at 1:30 p.m. on Washington street between Sullivan and Sweetwood. All young people under the age of 16 years are eligible if they have registered with Broadmoor police.

The race is sponsored by Lake Merced V.F.W. auxiliary and post. The winner will have his name engraved on the trophy under last year's winner, William Brown of Sterling Park. Classification in the race will be by bike size.

It is requested that bikes be not decorated as it will slow down the race.

Judges are Mrs. H. Z. Weibel, LeRoy Krueger and Bob Nelson.

## Jeffs Hit 13 Wins; 7 Shy Of Record

Jefferson High school's baseball club embarked on a busy week of practice games Monday by gaining their third decision over Balboa of San Francisco, 2-0, in a 10-inning fray at the local diamond.

Short-stop Ken Smith's round-trip smash into left field with Rich Guisti aboard gave the Jeffs the two big runs in the 10th to break up nine innings of scoreless play.

Jim Honeywell worked steadily for the Indians as he went the entire route, allowing only four hits and striking out seven batters.

The Bues' chucker was equally as tight, giving up four hits and striking out 11.

Hitting for the Indians were Smith, two for five, Bob Grubb, one for three, and Ray Vuillmainroy, one for three. Vuillmainroy held down the second base spot as regular Larry Kennedy was out with a broken nose, suffered in infield practice.

### Squeeze Whips Serra

A squeeze bunt by Bob Gaggero in the last of the seventh inning gave Jefferson a 6-5 practice victory over Serra High school here Tuesday.

With the score tied 5-5 and the bases loaded, Gaggero pulled off a successful running squeeze to notch the win.

Tex Prentice pitched for five innings and was relieved by Ray Vuillmainroy, with the score at 5-3 and the bases full.

Two of the runners scored and then Vuillmainroy bore down, giving up only one hit in the last three innings, striking out three. Vuillmainroy was credited with the win, his fifth in as many tries.

The Indians picked up six hits, led by Gaggero and Rich Guisti, who each got two.

Prentice allowed five hits and two walks in his stint on the hill.

### Near 20-Game Goal

The Indians from Daly City moved within seven games of their 20-win goal here Wednesday as Lowell Creighton pitched the Jefferson team to a 4-2 non-league victory over Riordan High school.

A home run and two scattered singles was all Creighton would allow the Riordan nine as he worked to his sixth win in eight starts. It was the 13th victory for Jefferson in 17 games.

Catcher John Murphy, suffering a leg injury, played only one inning. Al Figone, regular third sacker, proved an able substitute, catching the rest of the game.

Riordan picked up a pair of runs in the second inning, but Jeff came back in their half of the frame to tie it up on two singles and a double by Creighton.

The Indians wrapped it up in the third on singles by Rich Guisti, Ray Vuillmainroy and Bob Gaggero, scoring two more.

The Daly City club hit safely eight times, led by Gaggero's two for three.

Riordan's two runs in the second came off a round-tripper by Ernie Johnson.

The Indians were scheduled to meet Washington here yesterday for a double-header. Results were not available at press time.

# Martin Protests Capuchino Loss Because Of Umpire's "Bad Call"

A protest is pending before PAL commissioner John Bogie on Jefferson High school's 2-1 loss Friday to Capuchino in the 1955 baseball league's opening game.

Jeff Coach Lou Martin filed the protest Monday, charging a bad call by Umpire Paul Thiebauts.

Martin claims that in the third inning, with two outs, a Cap batter made a full cut at a pitch but Thiebauts called it a ball. Subsequently, the batter, Fred Karwatt, was walked by Chucker Lowell Creighton and the next man up got a ground rule triple, accounting for the run that spelled Jeff's defeat.

"I never heard of a batter swinging nearly a complete circle and then having a ball called," Martin complained. "What rule is this, anyway?"

Karwatt, with two strikes against him, would have been out, retiring the side, had the pitch been called a strike, Martin said. As a result of the bad call, Martin claimed, the Mustangs went on to score two runs in the third inning and annex the win.

It was a bad day all around for the Daly City club, who had up to that time held a 10-3 practice game record and were high for a win over a Cap team that had jinxed them for two years.

Creighton went the distance, allowing five hits, but striking out only four batters, sub-par for him. He also allowed three walks.

The Cap chucker, Al Rien, had his finest hour, striking out 12 batters and allowing the Indians only three hits.

Outfielder Rich Guisti provided the Indians with their only extra-base blow, poling a 340 foot double in the fifth inning with nobody on. Guisti died on base, as did eight other Jeff men during the nine innings play.

The Jeffs picked up their lone tally in the fourth frame as Ken Smith drove Bob Grubb home on a single.

Martin is asking league commissioner Bogie to allow the contest to be played over. The Jeff coach says he expects a decision by next Monday.

"We realize it was one of our poorest games," Martin said, adding however, that, "The team was placed at a disadvantage because of a mechanical error."

Martin claims Thiebauts told him he had to call the full swing a ball because he didn't get a signal from the base umpire.

## Stern, Golden Gloves Winner, May Head DC Fight Program Thursday

Boxing returns to the Daly City sports scene next Thursday at the community center, as OLPH Men's club present their monthly amateur program.

Listed as a possible main-event attraction is wiry welterweight Jerry Stern, winner in the sectional Golden Gloves finals last week at Winterland.

Bob Lynch, OLPH promoter, said "Natch" Rivera, Stern's manager, had given tentative OK for the former San Jose State ring ace to appear on the local card.

Stern, a Millbrae fireman, will probably face Benny Diahls of San Francisco, a victor in nine of his last 10 starts.

Stern won fistic renown at San Jose State, first as a lightweight, and later in the heavier class as he went on to win the Pacific Coast Conference title in 1951. He is a free-swinging unorthodox battler with a long KO record.

Lynch said Thursday's card is being billed as the "Parade of Champions," since several other Golden Gloves finalists may be on the seven-bout program.

All GG winners who appear here will be presented with a warm-up jacket.

Rivera, who has worked with match-maker Walt Gillies in securing OLPH bouts, has three other boys besides Stern who may make the card next week. They include John Bermudas, defending 119-pound Golden Gloves king; Hank Casey, middleweight who has appeared locally; and Chuck Howell, light-heavyweight GG finalist.

Prices for the fights are $1.50 ringside, $1 general admission and 50 cents for juniors. First bout is scheduled for 8:15 p.m.

### EATING SURVEY

A survey to determine the types of food families are eating is now being conducted in San Mateo county. The county has been selected as one of five areas in California where the United States department of agriculture will collect information. The report will be confidential, and no record of names will be kept.

### OLPH SUDS TOPPLE FISHERMEN'S GROTTO

OLPH Suds turned in a 9-6 victory over Fishermen's Grotto No. 9 in a wind-blown contest at Marin last weekend.

Sparking the OLPH win was fine pitching and hitting by Joe Murphy, a home run by Howy McKee and a triple by Ed Coleman.

Top defensive work by the whole squad was a deciding factor in the victory.

### Seven Year Old Boy Suffers Sprained Ankle When Hit By Car Here

A seven year old boy suffered a sprained ankle Tuesday when he was hit by a car driven by Genevieve E. Selini, 635 San Diego street.

Steven Rather, 237 Westlake avenue, was taken to Junipero Serra hospital by police car. The accident occurred on San Diego near Westlake just before Mrs. Selini turned into her driveway. She was not cited.

## LEVERONI GETS ONE-HIT VICTORY FOR FROSH-SOPH

Ed Leveroni notched his seventh win for the Jefferson frosh-soph baseball club last Thursday as he pitched a one-hit, 11-1 gem over San Mateo.

It was the third league win for Coach Byron Van Alstyne's crew in as many starts and the ninth victory of the season for the undefeated yearlings.

The Mateans only got one hit off Leveroni, a home run in the sixth inning. Leveroni struck out 13 batters, allowing only three walks.

The Indians got only half a dozen hits, but were helped along the basepaths by the two oppositions pitchers, who gave up a generous 17 walks between them.

Leroy Franzoia picked up two hits for the Jeffs, one a homer, while Paul Tapia got a pair of singles. Other Indians hitting were Barry Haanen, a double, and Bill Strassburger, a single.

The local frosh-soph nine was scheduled to meet Burlingame yesterday for their fourth league contest.

### POPULATION GAIN

An increase in San Mateo county's population of 76,000 persons during the next two years, was predicted this week by Joseph Mixer, assistant to the president of San Francisco Chamber of Commerce. Mixer said that he thought the entire bay area might be consolidated into one political unit, but carefully avoided any direct reference to the possibility of San Francisco annexing San Mateo county.
